OKOUNKOV BODIES AND NAGATA TYPE CONJECTURES

Wednesday, 25th September 2013:

10:00–11:00 Andreas Leopold Knutsen: Seshadri constants on K3 surfaces

– coffee –

11:30–12:30 John Lesieutre: Multiplicity invariants near the pseudoeffective boundary

– refreshments –

13:30–14:30 Stefano Urbinati: Positivity for divisors on singular normal varieties

– excursion –

– conference dinner –

Thursday, 26th September 2013:

10:00–11:00 Ciro Ciliberto Abelian subvarieties of theta divisors of Jacobians and irregular surfaces

11:10–11:30 Yusuf Mustopa: Ulrich sheaves and higher rank Brill–Noether theory

– coffee –

12:00–13:00 working groups

– lunch break –

15:00–16:00 working groups

– coffee –

16:00–17:30 working groups

17:30 reports of the day

Friday, 27th September 2013:

10:00–11:30 working groups

– coffee –

12:00–13:00 working groups

– lunch break –

15:00–16:00 working groups

– coffee –

16:00–17:30 working groups

17:30 reports of the week
