Open call
for temporary research positions
at the Institute of Mathematics
of the Polish Academy of Sciences

Applications must be submitted by **January 30th, 2027**, exclusively via the application form. The application should contain a CV, a detailed research (and organizational) program, a list of publications with mandatory statements on the use of AI in each paper and a proposal of the branch and people whom the candidate would like to collaborate with. Additionally we request the candidates to submit a description of their 3 most important research achievements and a detailed description of the use of AI in developing them and in preparation of the relevant manuscripts. We also request the names of individuals with whom the candidate would like to collaborate, as well as a copy of the diploma and its recognition certificate (if applicable).

By the same date two letters of recommendation should be sent by email to konkurs@impan.pl in the subject of the e-mail, indicate please "*Open call for temporary scientific positions"* and the full name of the candidate.

The offer includes positions of assistant professor, the IM PAS professor and full professor for periods from 6 months to two years, starting from the beginning of the academic year 2027/2028, for mathematicians with PhD degree or equivalent and substantial research achievements in the field of mathematics. For applicants who received their PhD no longer than 5 years ago a PhD degree from an institution other than IM PAN will be an advantage.

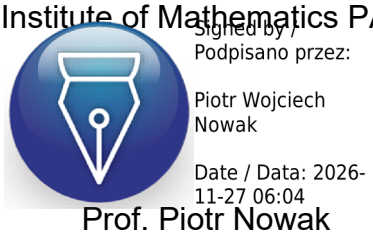

The successful candidates will be required to conduct intensive research activities in teams at the IM PAS, including teams implementing national and international research programs, as well as didactic and organizational activities (organization of conferences and seminars, supervision of doctoral students, conducting a monographic lecture/seminar).

The open call will be settled in mid-March 2027, and the candidates will be notified of the result by e-mail. The committee reserves the right to interview the candidates. The condition for taking up a job is the candidate's consent to include them in the number of people appearing in the application for a statutory subsidy, and obtaining a leave (if applicable) from the home institution.

Additional information can be obtained at https://www.impan.pl/ and from office of Research Support Department at konkurs@impan.pl.

We encourage all qualified candidates to apply, regardless of gender, age, ethnic, national or social background, religion or beliefs, sexual orientation, disability, political or social views, or financial circumstances.
