

FIRST ANNOUNCEMENT LETTER

Hail, semigroupies of all semigroup worlds!

As some of you have already been notified, next year, September 30-October 5, 2018 we are organising the 3rd edition of our conference Semigroups of Operators: Theory and Applications. This time we also celebrate the 85th birthday of Jan Kisyński. As last time, the conference will gather researchers working in the core of semigroup theory as well as those applying it in various fields of pure and applied mathematics. Some of you perhaps remember that its last edition in Bedlewo in 2013 gathered over 100 participants from over 10 countries and resulted in a very popular proceedings published by Springer. Next year we will meet in Kazimierz on the Vistula river, a beautiful historic town near Lublin, where JK is from (see https://en.wikipedia.org/wiki/Kazimierz_Dolny)

COME and take your PhD students with you. We would be delighted to meet you, or to see you again, and your friends will definitely be there.

REGISTRATION is now open: please register at <https://www.impan.pl/en/activities/banach-center/conferences/18-sota>).

With best regards

J. Banasiak, A. Bobrowski, M. Lachowicz, Y. Tomilov
