

Baby Steps Beyond The Horizon: Mathematics For Students

**HYBRID CONFERENCE (ON-SITE AND ZOOM)
29 AUGUST – 2 SEPTEMBER 2022, BĘDLEWO**

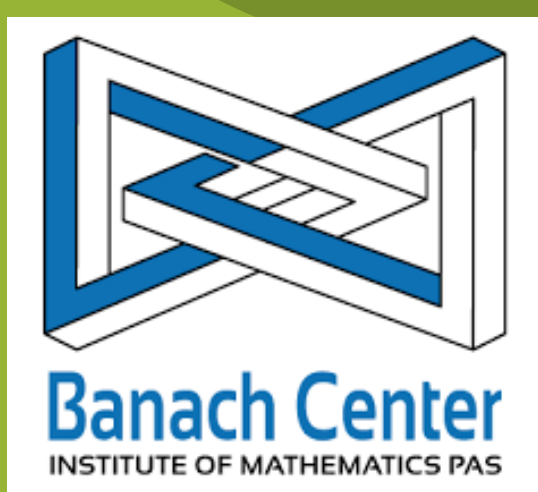

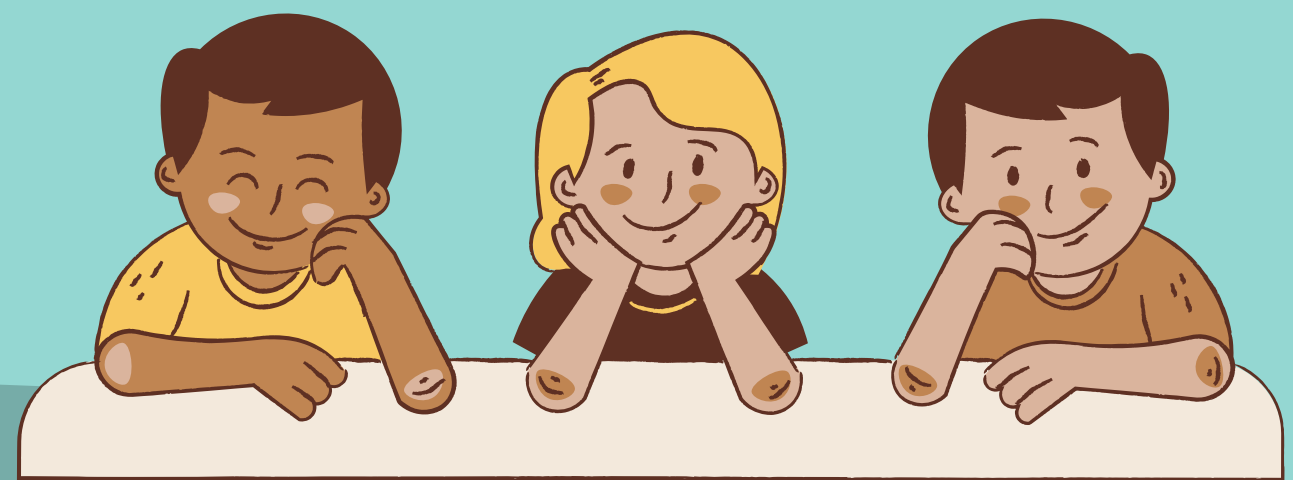

The aim of the school is to prepare the next-generation mathematicians to boldly go where no one has gone before by showing them research frontiers in mathematics in a tangible and comprehensible way. It should result in unfolding for students various possibilities for their research careers both in terms of future research opportunities and the choice of potential thesis or postdoctoral advisors. The school will combine 15 expository lectures by senior speakers with presentations by participating students.

ORGANIZERS:

Ewa Damek (Wrocław University)
Piotr M. Hajac (IMPAN)
Jacek Miękiś (Warsaw University)
Tamara Frączek (Wrocław University)
Mateusz Kandybo (Wrocław University)
Jakub Krzysztoń (Wrocław University)
Kacper Mazur (Wrocław University)
Dawid Migacz (Wrocław University)
Daria Perkowska (Wrocław University)
Karolina Stefańczyk (Wrocław University)

SPEAKERS:

Francesca Arici (Leiden University, Netherlands)
Marek Biskup (University of California, USA)
Adam Bobrowski (Lublin University of Technology, Poland)
Małgorzata Bogdan (University of Wrocław, Poland)
Dariusz Buraczewski (University of Wrocław, Poland)
Mirna Džamonja (University of Paris, France)
Michał Eckstein (Jagiellonian University, Poland)
Søren Eilers (University of Copenhagen, Denmark)
Artur Ekert (Oxford University, United Kingdom)
Masoud Khalkhali (Western University, Canada)
Piotr Kowalski (University of Wrocław, Poland)
Irena Lasiecka (University of Memphis, USA)
Anna Lytova (University of Opole, Poland)
Mariusz Mirek (Rutgers/Wrocław University, USA/Poland)
Magdalena Stobińska (University of Warsaw, Poland)
