

LOOPS '23 SECOND ANNOUNCEMENT

The conference will be held at the Mathematical Research and Conference Center in Będlewo near Poznań, Poland, from June 25, 2023 (arrival day) to July 2, 2023 (departure day). The meeting is organized as part of the Banach Center Conference Series and co-organized by Faculty of Mathematics and Information Science of Warsaw University of Technology.

The LOOPS conferences cover all aspects of nonassociative mathematics, including quasigroups, loops, Latin squares, Lie algebras, Jordan algebras, octonions, quandles, solutions of the Yang-Baxter equation and their applications. The event will consist of two parts:

1. The workshop (June 26–28, 2023)
2. The conference (June 28–July 1, 2023)

For more information please visit the regularly updated conference website

before **May 15, 2023**. The final selection of talks will be made by the organizers by May 25, 2023.

TRANSPORTATION:

On June 25 and July 2 there will be special conference buses to transfer participants between Poznań (the airport and the main railway station) and Będlewo. Details will be announced later on the conference website. Therefore it is extremely important that participants inform the Organizing Committee via this form

<https://www.impan.pl/en/activities/banach-center/conferences/23-loops/transportation>

about the details concerning their arrival time and mode of transportation, so that we can set up the bus schedule accordingly.

If you plan to travel to Będlewo on your own, see

<https://www.impan.pl/en/activities/bedlewo-conference-center/how-to-get-here>

for directions.

PROCEEDINGS:

We plan to publish conference proceedings consisting of original research articles and informative surveys in the Banach Center Publications series. The deadline for submitting the papers to the proceedings is tentatively set to be the end of 2023. For more information about the series you can consult
