

Institute of Mathematics of the Polish Academy of Sciences

announces an open call
for associate professor position

The Institute offers associate professor position starting October 1, 2017, for mathematicians with outstanding achievements in the field of "mathematical analysis on real harmonic analysis".

It is expected that the person employed will create at IM PAN his or her own research team (seminars, supervision over young mathematicians), or will substantially reinforce the existing ones. The Institute expects that he or she will participate in national and international research programmes and grants.

The achievements of the person employed within this competition shall be subject to periodic review.

The application together with the description of research and organisational programme, CV, list of publications and consent for the processing of personal data for the purposes of recruitment process, should be sent not later than on April 25, 2017 to the address:

"KONKURS-AMRAH"

**Institute of Mathematics of the Polish Academy of Sciences
ul. Śniadeckich 8
00-656, Warszawa
POLAND**

The documents should also be sent electronically to the e-mail address: anpo@impan.pl.

For additional information, please contact Mrs. Anna Poczmańska at anpo@impan.pl.

The final decision will be made in June 2017. The candidates will be informed about the results by mail soon after that.

DYREKTOR
Institute of Mathematics of the Polish Academy of Sciences
Prof. dr hab. Feliks Przytycki
