

**Institute of Mathematics
of the Polish Academy of Sciences**
announces an open call
for temporary research positions

for 3-5 years, starting on the 1st of October 2019, for mathematicians having substantial research achievements in mathematics, in particular in the field of machine learning.

The successful candidates, who must hold a habilitation in mathematics (or have a comparable level of experience), will be expected to organize and run at IMPAN their own research group dealing with both theoretical and industrial applications oriented aspects of machine learning.

The Institute expects also participation in Polish and international research programs and grants, including applications for new ones.

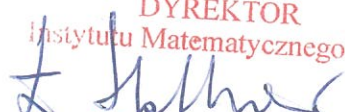

Achievements of the researchers employed as a result of this competition will be evaluated periodically, especially when there is a case for promotion.

The application should contain a cover letter, a research statement, a CV including a list of publications and an agreement for personal data processing in the recruitment process. Application should be submitted by 13th of February 2019, to the address:

„KONKURS ML”
Institute of Mathematics of the Polish Academy of Sciences,
Sniadeckich 8, 00-656 Warsaw, POLAND

or electronically to anpo@impan.pl

Additional information can be obtained from Mrs. Anna Poczmańska at anpo@impan.pl. The final decision will be made in the beginning of March 2019 and the candidates will be informed of the results by mail or e-mail soon after.

DYREKTOR
Instytutu Matematycznego PAN

Prof. dr hab. Łukasz Stettner
