

# Institute of Mathematics of the Polish Academy of Sciences

announces an open call  
for 2-year IMPAN professor position  
in the Warsaw Branch

The Institute offers IMPAN professor position starting October 1, 2019, for mathematicians with outstanding achievements in the field of "functional analysis, operator algebras".

A PhD in Mathematical Sciences obtained in 2008 or later is necessary. Also in the case of candidates working in Poland for at least 3 years within the period of last 5 years habilitation is also required.

It is expected that the person employed will create at IM PAN his or her own research team (seminars, supervision over young mathematicians), or will substantially reinforce the existing ones. The Institute expects that he or she will participate in national and international research programmes and grants.

The achievements of the person employed within this competition shall be subject to periodic review.

The application together with the description of research and organisational programme, CV, list of publications and consent for the processing of personal data for the purposes of recruitment process, should be sent not later than on May 6, 2019 to the address:

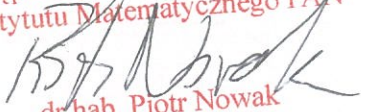

**"KONKURS-ANNIG"**

**Institute of Mathematics of the Polish Academy of Sciences  
ul. Śniadeckich 8  
00-656, Warszawa  
POLAND**

The documents should also be sent electronically to the e-mail address: [anpo@impan.pl](mailto:anpo@impan.pl).

For additional information, please contact Mrs. Anna Poczmańska at [anpo@impan.pl](mailto:anpo@impan.pl).

The final decision will be made in the beginning of June. The candidates will be informed about the results by mail soon after that.

Zastępca Dyrektora ds. Naukowych  
Instytutu Matematycznego PAN  
  
dr hab. Piotr Nowak
